CAREER OVERVIEW

I'm an Information Technology student with a strong interest in Web Development, Networking and IT support. Through school projects, I've gained experience in Laravel and PHP for backend development, Tailwind CSS for responsive design, and MySQL for database management. Additionally, I have knowledge in troubleshooting, repairing, and assembling computers. A responsible and organized individual, I'm eager to apply my skills during my On-the-Job Training (OJT), grow professionally, and contribute to a team.
